Ranchero Road Interchange Project Closing Lanes on Southbound Interstate 15

Hesperia, CA – As part of the Interstate 15/ Ranchero Road Interchange Project crews will be closing the two outside lanes of southbound Interstate 15 to construct auxiliary lanes between Joshua Street and Oak Hills Road. Lane closures will exist between the hours of 9:00 pm and 6:00 am and continue through Friday, September 13 (weekends excluded). No detours are suggested as two lanes will remain open at all times. Motorists are encouraged to add extra time for their morning commute.

The approximate \$59 million Ranchero Road Interchange Project started in January of this year and is scheduled to continue through spring 2015. The new interchange will connect Mariposa Road and Caliente Road to Interstate 15 with a full-service interchange. Ranchero Road will consist of three through lanes in each direction along with additional turn lanes at the freeway ramp connections and intersections with two realigned frontage roads. The project will also include utility relocations, flood control improvements, traffic signal and ramp metering, grading, drainage modifications, signing and striping, traffic handling, and replacement planting.

For more information on the project, visit www.sanbag.ca.gov and click on the Ranchero Road Interchange link under the "In Construction" section.
